Just-FAITH

Are you interested in taking a spiritual journey into compassion? Exploring our Gospel call to love and serve others? Integrating your spirituality with social ministry? Sharing a journey of faith and compassion with others?

JustFaith is a thirty-week transformation process; consisting of weekly meetings, three retreats, four "hands-on" experiences, occasional videos or guest speakers, and extensive reading based on the justice traditions of the Church. Offered in both Catholic and ecumenical versions.

Are you concerned about our world? Do you long to love broadly and live deeply? Do you struggle to be still and still be involved in the storms of life that surround us?

Engaging Spirituality is a twenty-one week, contemplative process that invites faithful adults to break open their lives, penetrate the realities of our times, and explore the intersection between Christian spirituality and Gospel justice.

Just-FAITH JustMatters

Do you want to know more about the intersection between your Christian faith and a particular social issue?

JustMatters is a series of formation materials in six to eight week sessions; allowing small groups to give sustained attention to a specific area of social concern or social ministry, culminating in a call to engaged action.
