### **Multiple Staff Training Events**

Last August 9-10 church leaders gathered at Collegiate United Methodist Church in Ames to learn more about working effectively together in local church teams as we reach out to new people to offer them Christ.

One of the challenges of ministry is harnessing the various skills of leaders to achieve the highest benefits for shared ministry together. Participants learned about staffing to grow and the roles of various staff members. They discussed decision making and leadership development. They also explored techniques for making staff meetings more productive and spiritually centered.

Dr. Doug Anderson, executive director of the Bishop Rueben Job Center for Leadership Development, was the clinician for the seminar. He taught from his experience as a pastor in local churches and as a consultant with church leaders across the country. More details are available at [www.bishopruebenjobcenter.org](http://www.bishopruebenjobcenter.org).

Participants will meet in one follow-up session for ongoing support in implementing the principles shared in the seminar as well as to address specific questions and concerns regarding continuing, effective ministry.

This event was sponsored by the Iowa Annual Conference with the support of apportionment dollars.
