### CHILDREN AND FAMILY URBAN MINISTRIES, DES MOINES

Raymond loved everyone. You could see it in his smile and in the twinkle in his eyes. Raymond saw kids at their best and at their worst, and he loved them no matter what.

Raymond wanted to remind each kid that they were special, so he began giving a quarter to every kid he saw. He carried so many quarters in his pockets that his wife, Barb, was forever having to mend his pockets.

In honor of Raymond and to remind kids that they are special, one Friday of every month is designated as "Raymond Day" at the Breakfast Club

in Des Moines. On this selected Friday each child receives a quarter to spend on Friday treats at school to let them know they are special.

The Breakfast Club is a program of Children and Family Urban Ministries (CFUM), serving a daily average of 80 children who attend the Moulton Extending Learning Center. CFUM's office at Trinity United Methodist Church is just across the street from Moulton school.

CFUM is one of the health and welfare ministries that has received support from Iowa United Methodist churches through the Golden Cross Sunday offering. Visit [www.cfum.org](http://www.cfum.org) to learn more.
