BOARD OF ORDAINED MINISTRY

Among the many laborers in the United Methodist Church are persons set apart for specialized ministry. The Iowa Conference Board of Ordained Ministry, supported by local church apportionment gifts, works to recruit and train leaders for the development of ministry to the glory of God.

The United Methodist Church, since the time of John Wesley, has had a high regard for education. We continue that legacy with programs that focus on Biblical scholarship and the most current practices of ministry.

The board's Ministerial Education Fund (MEF) provides grants for seminarian students and continuing educa-

tion support for professionals in ministry. In addition, the board helps to underwrite expenses for programs such as the School for Ministry and the Preaching Academy.

Materials are on the board's website www.iaumc.org/pages/detail/1021 to assist persons who may be interested in exploring a career in professional ministry.

The General Board of Higher Education and Campus Ministry (GBHEM) is a partner with the Iowa Board of Ordained Ministry as it leads and serves the United Methodist Church in educating, nurturing, and preparing leaders for the church and the world. Read more about their work at their website www.gbhem.org.
