Stories of Connectional Giving

www.iaumc.org/tyn

FIRST UNITED METHODIST CHURCH BOERNE, TEXAS

Thanks to your generous gifts to the Peace with Justice Sunday offering, First UMC Boerne's Lifeline Ministry is able to better serve the needs of the families in their community. Their program, Lifeline Ministry, has matched 8 families to members in their congregation.

As the body of Christ, the mission of Lifeline Ministry is to call each member of the congregation into ministry by identifying their God-given gifts in order to use these gifts to serve families in need. They have built and are sustaining, personal relationships

with each Lifeline family. Through these relationships developed they have identified the needs of each individual family and through their Congregational Resource Team they have provided the specific needs to each family such as prayer, tutoring, legal counseling, car/home repair, financial counseling, babysitting, transportation, sitting with the family in worship, etc. "As a part of the Christ-centered relationship with our adopted families, we will seek to help them find their God-given gifts and talents to give back to the church and the community, thus growing them into disciples."
