YOUTH MINISTRY *TRAX* TRAINING

Get in on this brand new program of youth ministry training developed by Iowa United Methodists in youth ministry but on its way to nationwide implementation! I was just at a national UMC event at which this program was discussed with excitement. The training is offered in modules, each of which is offered in a very affordable one-day block. While the modules all fit together, each also stands alone as a valuable training piece. Learn more at www.maketyme.org/

CEDAR VALLEY VIEWPOINT

Are you looking for an opportunity to plug youth into mission projects in the Cedar Rapids area, still recovering from last year's devastating flooding? Check out Cedar Valley Viewpoint at www.cvvcamp.org/ CVV is an Advance Special of the UMC.

RESOURCE IDEA

While the name may sound incredibly dry and institutional, the UMYF Handbook by Michael Selleck contains very helpful basic information and many good ideas.
