

APPLICATION FOR LOCAL CHURCH WORK PROJECT ASSISTANCE

Building Connections (Connecting willing hands with church projects)

This is a request for volunteer teams/individuals to assist your local church with your priority work needs. Based on the work needed, volunteers will be recruited to address your project. After logistics are worked out between the volunteers and local church representatives, a scheduled work plan will be organized. The local church needs to have sufficient funds to address the work needs as the volunteers only give their time and expertise.
