### Youth Strike for Christ

On February 4-6, 2011, United Methodist youth from all over Iowa joined together in downtown Des Moines for Youth Strike for Christ. Their theme this year was to "Live Out Loud," and the music from the bands that weekend did just that!

Youth Strike for Christ is an annual faith-building experience for seventh through twelfth grade young people. The event provides high-energy worship and Christian community growth opportunities. Small sessions for both youth and adult leaders of youth provide encouragement and support for all participants in their daily walk of faith.

The mission focus this year was in support of Meals from The Heartland, a non-profit organization that launched its first mass meal packaging effort for impoverished countries in September 2008.

Once packaged, meals are shipped around the globe to people in need. Millions of meals have been shipped to Haiti, Jamaica, South Africa, Nigeria, Mexico, and Israel. Support has also been provided to New Mexico and to homeless shelters in Iowa.

The Iowa Conference Council on Youth Ministries provides funds to support the Youth Strike events with the help of apportionment dollars. Learn more at [www.youthstrike.com](http://www.youthstrike.com).
