

Ezekiel Team

The Ezekiel Team has a three-fold purpose:

1. To get through the pandemic together.
2. To move toward General Conference together.
3. To respond to General Conference together.

Rev. Ron Carlson will be the convener of the Ezekiel Team, and team members will commit to meeting virtually once a week for an hour, beginning in January and lasting until July. They will also be making regular reports to the Conference, which will be published in the Weekly 360. The group includes laity and clergy representing different theological viewpoints.
