

GOLDEN CROSS SUNDAY PRAYER

O God, you sent your Son to be a physician, healing broken bodies and diseased minds. Bless those who are afflicted with sickness, pain, and disability. Surround with your love those who lack the full use of their limbs or their minds. Bless those who stand and watch while dear ones suffer. Bless those who care for these persons—the pastors, counselors, doctors, nurses, and others—who minister to those unable to care fully for themselves. And bless us as we provide hospitals, homes, and services for all those who need our help. Make us all instruments of your healing power; in Jesus' name we pray. Amen.
