

Iowa is home to over 500 Mabaan from the newest country in the world – South Sudan. We have the South Sudan United Methodist Church congregation which meets at First UMC in Des Moines and a large number of Mabaan who live in Storm Lake and the Council Bluffs/Omaha area.

All of these people have family and friends who remain in South Sudan.

In July, 2019, heavy rainfall from a weather phenomenon known as the Indian Ocean Dipole flooded Mabaan County displacing hundreds of thousands.

We in Iowa know the ravages of flooded land and homes. We know how the infrastructure is damaged, often for a long period of time. Now the Mabaan in South Sudan are facing those same challenges – thousand of acres of cropland destroyed, scores of livestock lost, roads made impassable, and contaminated drinking water. The United Nations sets the need at \$61 million to save lives and to ensure the continuation of response to flood victims.

In support of our Mabaan neighbors here in Iowa and to respond to the needs of their kinfolk in South Sudan, the Iowa Conference seeks to raise \$200,000 to provide tents, mosquito nets, medicine, and food.

Please donate online to [www.iaumc.org/mfr](http://www.iaumc.org/mfr) or send your gift of support to Iowa Annual Conference Treasurer's Office, 2301 Rittenhouse St., Des Moines, IA 50321. On the memo line please note #53321-MF.
